Re: Off-Site Rule Acceptability Determination
Beech Hollow Landfill
OEPA 06-5133

Dear Mr. Hattersley:

This letter is in reply to the August 4, 2004 letter to Mr. William Damico regarding the Beech Hollow Landfill request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (a) (4), my staff has determined that no relevant violations or releases currently exist at Beech Hollow Landfill. Therefore, Beech Hollow Landfill located at 24 AW Long Road, Wellston, Ohio is acceptable to receive non-hazardous wastes from CERCLA sites at the cells which meet the minimum technology requirements for subtitle-D landfills.

The acceptability determination is based on the assumption that only non-hazardous waste for which Beech Hollow Landfill is properly permitted will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely yours,

A handwritten signature in black ink, reading "Joseph M. Boyle". The signature is written in a cursive, flowing style.

Joseph M. Boyle, Chief
Enforcement and Compliance Assurance Branch
Waste Pesticides and Toxics Division
